# Before October 2016

Risk-taking and entrepreneurship  
**encouraged**

**BUT** new government measures:

- Shortening the unemployment benefits period
- Softening the protection against dismissal

ENTRETOY =  
Change of  
mentality

# Belgian Model for Entrepreneurial School Disagnosis

- ▶ 4 main approaches : Structural, Pedagogical, Partnership and Professionalizing
- ▶ 20 questions per approach → Answers to rate from 1 to 10

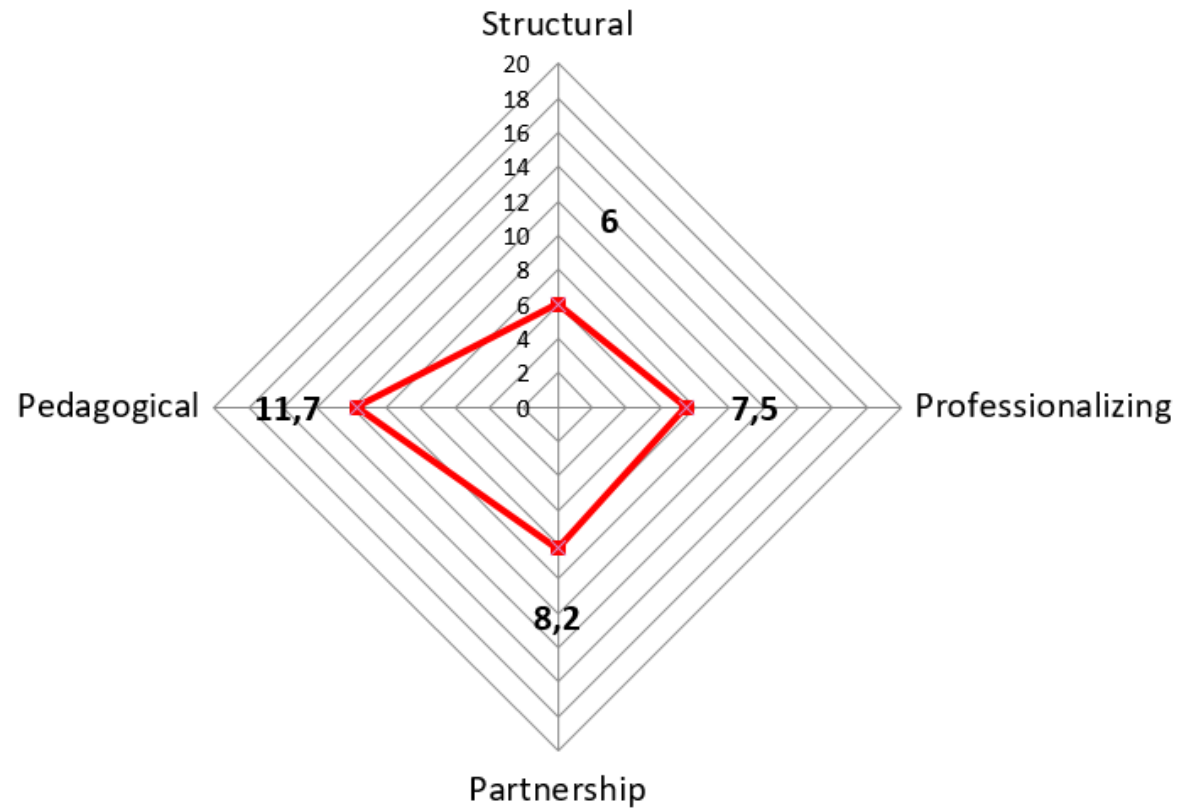

## Pedagogic

- 1 Students are placed in a real situation.
- 2 Sufficient resources are made available to teachers to enable them to integrate ICTs into their teaching.
- 3 Proposals, the projects of students are integrated into our teaching.

## Professionalizing

- 21 We offer students the possibility to try the entrepreneurial spirit in practice.
- 22 We bring our students to wonder about the choice of their future professional career.
- 23 We ensure that students put in project based on specific ideas proposed by the professional world.

# Diagnosis Example

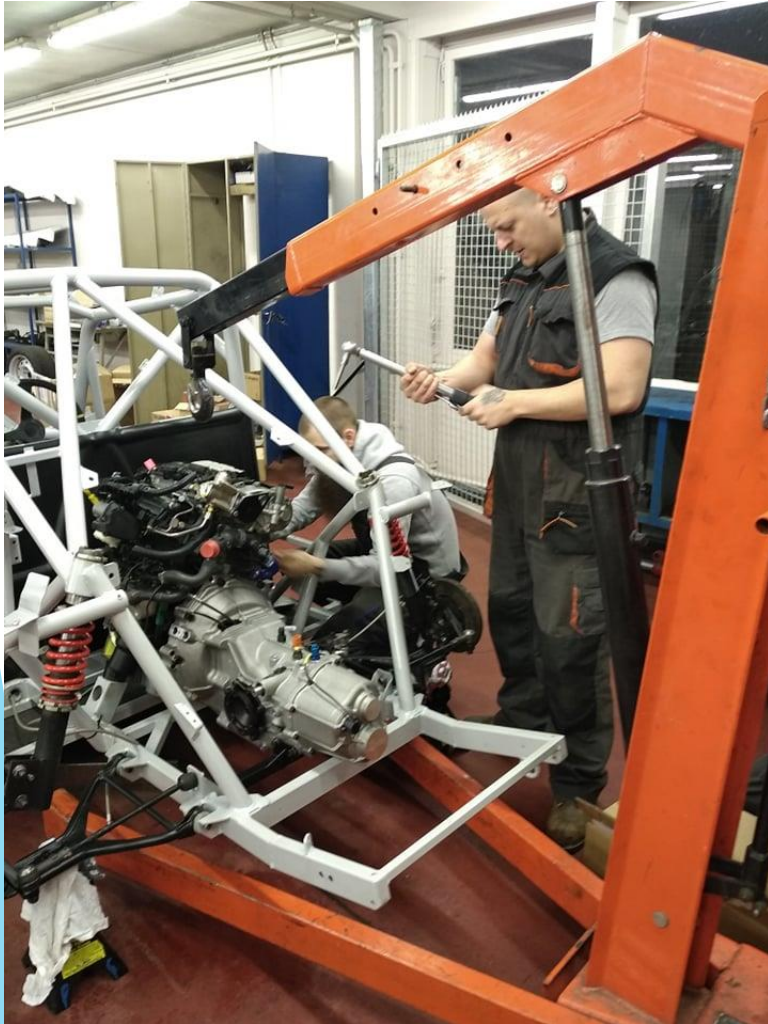

# One concrete achievement

VW FUN Car racing project - CG RACING team

Our students built a race car  
7 planned races in 2019

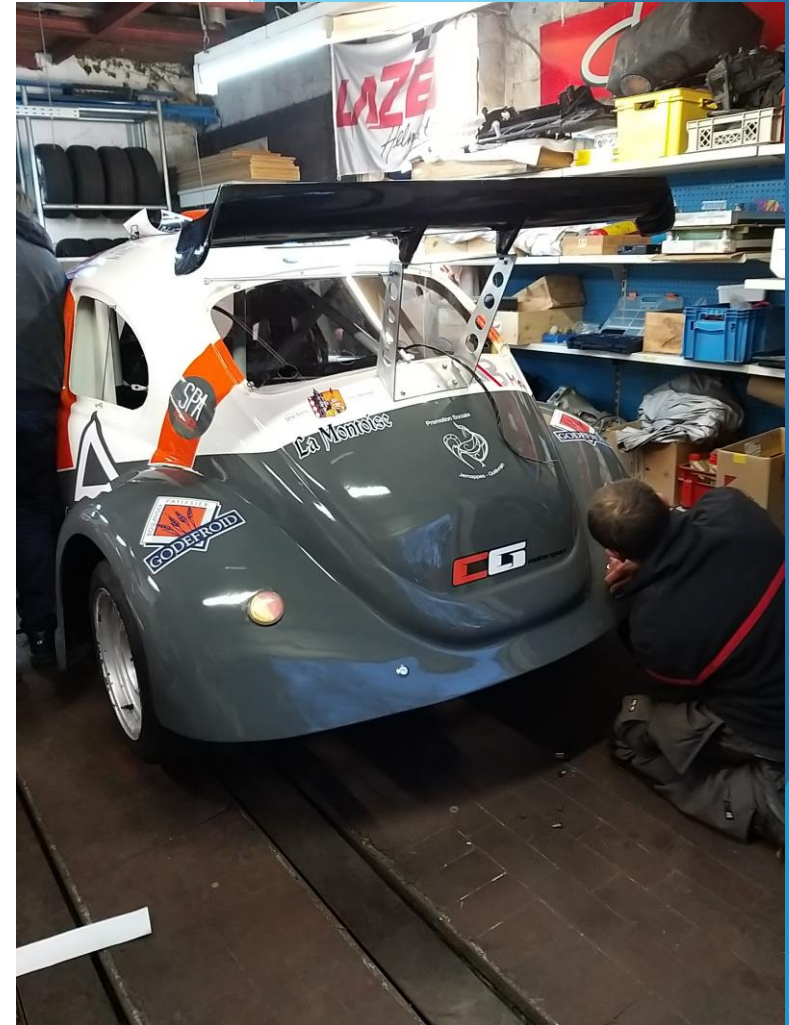

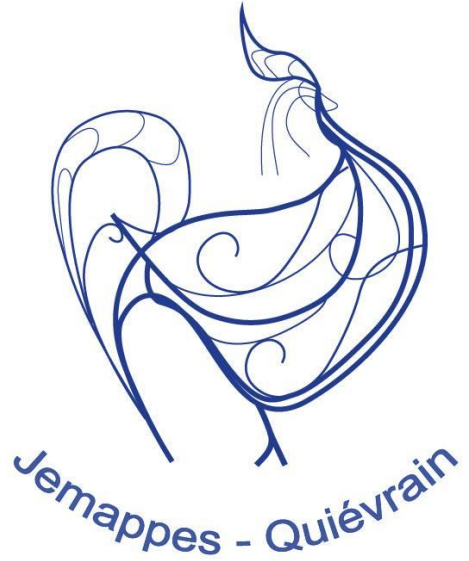

▶ Students + teachers will participate in races for technical assistance

▶ 7 circuits:

Mettet,  
Spa-Francorchamps,  
Magny Cours (France),  
Zolder,  
Essen (Germany),  
Zandvort (Netherlands)
